8. Based on the foregoing and upon information and belief, Registrant has ceased use of the trademark EAG in connection with the above-referenced goods and services with no intention to resume use of the mark. Upon information and belief, Registrant has also failed to take any action to protect the goodwill, if any, associated with said mark. Registrant has therefore abandoned the EAG trademark.

9. On the basis of Registrant’s abandonment of the mark EAG trademark and intention not to resume use of the mark, the registration embodied by said mark, U.S. Trademark

Registration No. 2,315,764, is subject to cancellation under Section 14 of the United States Trademark Act of 1946, 15 U.S.C. § 1064.

10. EAG believes that it is being damaged and will be damaged by the continued registration of Registrant's EAG trademark based on the potential likelihood of confusion with EAG's EAG Marks, as the respective marks are identical or highly similar and cover similar goods and services.

WHEREFORE, Petitioner respectfully prays that Registration No. 2,315,764 be cancelled in its entirety.

Respectfully submitted,

EAG, Inc.

AUGUST 24, 2015

Mitratech's client base expands by over 100 legal departments as the company expands its position as the clear leader in the enterprise legal management industry

AUSTIN, Texas, August 24, 2015 – Mitratech, the market-leading provider of Enterprise Legal Management (ELM) solutions, announced today that it has acquired the CaseTrack product line from Economic Analysis Group, Ltd. (EAG), its 2nd acquisition of an ELM solution provider in the past 2 months. With this acquisition, Mitratech's client base expands to over 750 clients, including more than 50% of the Fortune 50, almost 40% of the Fortune 500, and the largest market share of Fortune 500 legal departments in highly regulated industries like Insurance, Financial Services, Energy & Utilities, Automotive Manufacturing, and Pharmaceuticals. The ELM industry emerged over 2 decades ago with the establishment of point solutions for legal department challenges, including solutions for matter management, e-Billing, legal hold, contracts management, and more. Many legal departments began investing in these solutions, from providers such as Mitratech, Bridgeway, Lawtrac, and CaseTrack – all of which now are part of the Mitratech family as Mitratech combines the best of these solutions into their flagship legal technology platforms.

“Over the last few years, Mitratech has discovered an opportunity to lead the development of the next generation of legal department technology by launching powerful and flexible — yet easy to deploy, use, and upgrade — enterprise legal management solutions that are purpose-built for legal departments of every size and level of complexity, “ said Jason Parkman, Mitratech CEO. “With the acquisition of CaseTrack, more than 100 additional legal departments join the Mitratech family and now have the ability to benefit from our strong and continuous investment in the latest legal technology. These clients join the most well-respected, leading community of enterprise legal management users in the world, now representing over 750 legal departments globally.”

Support and services for CaseTrack will continue uninterrupted. Going forward, CaseTrack clients will have a clear and straightforward path to upgrade to Mitratech's award-winning enterprise legal and contracts management platforms, eCounsel, TeamConnect, and GettingContractsDone, as determined by each client's

individual needs and preferences.

“Mitratech is an ideal home for CaseTrack clients,” noted Eric Blankenship, EAG’s President. “Clients will benefit from a large, experienced, and resource-rich organization that is 100% focused on solving the challenges of the General Counsel’s office by delivering the best legal technology solutions in the market.”

The financial terms of the deal are not being disclosed. Kenyon Group, LLC served as exclusive financial advisor to Economic Analysis Group, Ltd. and arranged this transaction.
